

Reducing Stigma Towards sex workers - Components of RSDU intervention package

Quarterly dissemination of project achievements; monthly documentation, monitoring and ongoing reporting of adjustments contribute to efficiency of the process and end-line evaluation.

Refinement of approaches based on process evaluation, outcomes and lessons learnt

Refinement of approaches based on process evaluation, outcomes and lessons learnt

Refinement of approaches based on process evaluation, outcomes and lessons learnt

Refinement of approaches based on process evaluation, outcomes and lessons learnt

Evidence and lessons learnt from P5 contribute to refinement of approaches. This evidence in P5 contributes to P0 and further anti-stigma action.
